

Terra Bella Technologies Inc.
Private Remote Sensing System License Summary of Constellation

On 20 November 2013, the Commercial Remote Sensing Regulatory Affairs office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Terra Bella Technologies Inc. a wholly-owned subsidiary of Google Inc. to operate the private, commercial, space-based, remote sensing system named “Constellation”.

The Constellation is a set of 24 low-earth orbit, commercial, electro-optical Earth observation satellites, license to collect sub-meter resolution panchromatic and multispectral images. The satellites will operate in near-polar, circular, low earth orbits (approximately 500 km).

The License for the Constellation is:

Terra Bella Technologies Inc.
1061 Terra Bella Avenue
Mountain View, CA 94043
(650) 961-1212
